

Pen's Parade - Nepal NLSS IV (2022/23)

Monthly per-AE consumption and oopg/OOP budget shares

Notes: The x-axis orders the population by household monthly per-AE consumption. oopg is Section 8B communicable disease/injury OOP. OOP is oopg plus NCD OOP converted to a monthly household amount. The lower panel uses a 2-percentage-point sliding window; shares are capped at 100% for display only. Source: NLSS IV; individual sampling weights.
